Serratura magnetica ATTRAZIONE

Magnetic Lock ATTRAZIONE

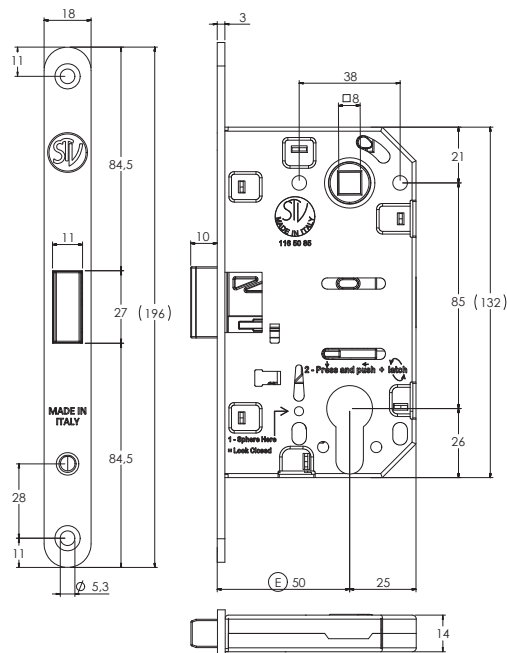

cylinder hole
dist. 85

Art. A6

4 MAGNETI PERMANENTI PERMANENT MAGNETS

- serratura con scrocco magnetico
- frontale piatto senza sporgenze: lo scrocco ad azionamento magnetico fuoriesce solo avvicinandosi al montante
- chiusura della serratura con il blocco dello scrocco lasciando libera la rotazione della maniglia
- leva rientro scrocco con il cilindro
- fori fissaggio maniglia "DIN"

- lock with magnetic latch
- front plate without protrusion: the latch with magnetic movement comes out only when approaching the door frame
- lock closing with block of the latch leaving free the rotation of the handle
- latch return lever with cylinder
- handle fastening holes "DIN"

Magnetic Lock ATTRAZIONE PLUS

Art. A110 | **cylinder hole - dist. 85**
round front plate

- serratura grande con scrocco magnetico •
- catenaccio meccanico a 2 mandate •
- frontale piatto senza sporgenze: lo scrocco •
- ad azionamento magnetico fuoriesce solo •
- avvicinandosi al montante •
- chiusura della serratura con il blocco del catenaccio •
- lasciando libera la rotazione della maniglia •
- fori fissaggio maniglia "DIN" •

- lock with magnetic latch •
- mechanical bolt closing with two turns •
- front plate without protrusion: the latch •
- with magnetic movement comes out •
- only when approaching the door frame •
- lock closing with block of the bolt •
- leaving free the rotation of the handle •
- handle fastening holes "DIN" •
