Note

ANSELMi - AN 108 3D SC45

The closing power mentioned above refers to the use of one self closing hinge per door leaf (900 x 2100 mm).

Finishes shown on the model version AN 160 3D. Deviations possible with this model version.

The self closing hinge has to be used only in combination with the given hinges and has to be installed at half the height of the door leaf, approximately at the same height of the lock (magnetic lock recommended).

The installation on doors subject to specific norms has to be verified by the customer according to the national law.

Alternatively, the routing can be carried out with a cutter diameter of 14,0 mm and a collar ring diameter of 25,0 mm.
